A full-page photograph of Perez Hilton. He is wearing a large, voluminous, multi-layered pink tulle gown with small colorful sequins. He also wears a gold crown with colorful jewels, a wide collar of gold and silver sequins, and black patent leather thigh-high boots. He is holding a microphone in his right hand and a small object in his left. He is sitting on a pink ornate chair. The background is a dark wall with a pink floral damask pattern. **Welcome to
Fabulous Las Vegas,
Perez Hilton**

It's official! Perez Hilton, dubbed "the original celebrity social media influencer" by BroadwayWorld in 2018, has become the newest celebrity to call Las Vegas home.

This news may have taken the entertainment world by surprise, leaving fans and followers wondering why he made such a bold move; but to many Las Vegas locals, it totally makes sense.

For those who may not be familiar with Perez Hilton, he is a popular celebrity blogger who has been around for nearly two decades. He is known for his brutally honest and often controversial posts about celebrities, politicians, and other public figures. His blog has gained a massive following over the years, and he has become a recognizable figure in the entertainment industry. The new "Las Vegas Perez" (also, his newest Instagram account that showcases his latest Las Vegas activities) has his sights set on a whole new list of possibilities, experiences, and adventures.

Perez is no stranger to Las Vegas and has been visiting Sin City for most of his adult life. He's always had a great relationship with the city of glittering lights, starting way back in 2005 with the first visit. On that life-changing trip, he not only landed an exclusive interview with Paris Hilton, the mega-celeb that inspired his stage name, boosted his career, and contributed to making perezhilton.com one of the most visited websites in the world. He also met his best friend that same weekend.

Lady Luck must have been right by his side right from the start, and it didn't stop there. He's been visiting Las Vegas for years, and then was offered an opportunity to get a taste of local life when he joined as the host of the iconic show, *Chippendales*. During his summer residency, he was able to learn about a different side of Vegas. He fell in love with the people and the entertainment community. He was embraced by everyone. It was a stark difference from other cities that he previously called home.

Unsurprisingly, so many people are drawn to the dazzling lights, creative productions, and over-the-top energy

that Las Vegas offers. Perez is quickly becoming a top ambassador for Las Vegas, taking advantage of the variety of things to do here. He has always been fascinated by the city and its many attractions, including world-famous casinos, luxurious hotels, and endless nightlife options. If you follow him on social media, you will see that he shares his experiences seeing different shows, eating at amazing restaurants, enjoying outdoor activities, and anticipating things yet to be discovered. **"Vegas is a land of possibility and it brings out the YES in me. YES, I'll do this and YES, I'll do that,"** says Hilton.

It's inspiring to witness someone take a risk and see them enjoying the ride. For a long time Perez believed that he had to live in Los Angeles, until one day he had an epiphany. It was actually his therapist that convinced him that he could live anywhere that he wanted.

"I chose Vegas because I love Vegas and I love the people of Las Vegas and it's also a great thing for me because I am a worrier. I could easily drive to Los Angeles if I need to for work or I could take a quick flight."

This is a new chapter for the blogger who got his start covering celebrity gossip. He's looking at life through a new perspective of fatherhood, business, and pleasure. Everything now centers around his family. Relocating wasn't an easy decision. It was the choice to bring his mother, three kids, and a senior dog along for the adventure. Getting his family settled in over the last few months has been an adventure in itself, from finding doctors, enrolling the kids in school, finding piano instructors, and many things that add to his already hectic schedule. Now that he's settled in, and had a chance to come up for air, he's ready to continue his love affair with

Vegas. He keeps a running list of things to do, including kid-friendly activities, that always have something to look forward to. The sense of adventure is something that he instills in his kids and his eyes light up when he speaks about them.

In a way, Perez resonates with Las Vegas, a place always re-inventing itself, daring to try new things, knowing when to close the doors on something and re-build it or re-open it as something completely new or different. It's a city that takes the best parts of other cities, welcomes diversity, and has become the brand that knows how to entertain and delight.

One thing is a sure bet; Hilton's move to Las Vegas will positively impact the LGBTQ+ community in the city. As an openly gay man and advocate for LGBTQ+ rights, Hilton has been a vocal supporter of the community throughout his career. His presence in the entertainment scene and his commitment to promoting the LGBTQ+ community make him a valuable addition to the city's already vibrant culture. It will be interesting to see what new projects and events he will be involved in and how he will continue to use his platform to positively impact the city and its residents.

While some may argue that Perez Hilton's brand of celebrity journalism is

controversial and even problematic, there is no denying that he has had a significant impact on the entertainment industry. His move to Las Vegas is just another chapter in his story, and it will be exciting to see what the future holds for this polarizing figure. We wish him the best of luck, but with Vegas on his side, he probably doesn't need it.

Keep up with everything Perez Hilton by visiting PerezHilton.com where you can also listen to The Perez Hilton Podcast with Chris Booker. These two pop culture experts bring their unique perspectives and insight into the trending stories of the week in the world of showbiz and beyond. Nothing is off the table! No holds barred! And these two usually disagree about everyone! It's a highly enjoyable and engaging listen!

"I'm a single gay father and there's so much that I've learned about Vegas. I moved to a new city with three young children, my mother, and our senior dog."
