Our cover this week features Kinky Boots as the production closes out the Super Summer Theatre season with an amazing cast.

As Summer winds down in Las Vegas, a hurricane was the last thing we expected. While the valley was mostly spared from a natural disaster, Luxx Noir London's appearance at Temptation Sunday has been rescheduled for this weekend.

Don't miss GLAM on Sunday night! The fiercest rooftop party in Vegas kicks off red carpet at 6:30pm and runs all night long. A great place to end the night after the Beyoncé concert at Allegiant Stadium.

Vinny G. returns to Chippendales, Erika Jayne starts her residency at House of Blues, Kelly Clarkson's residency continues at Planet Hollywood, and the B52's extend their residency at The Venetian into 2024!

Queer Chronicles

LGBTQ+ Visibility and Representation

In an ever-evolving landscape of queer representation and activism, this week's stories shed light on the intersections of art, business, politics, and personal expression.

Almodóvar's Short Queer Western: 'Strange Way of Life'

Pedro Almodóvar's new film, 'Extraña forma de vida (Strange Way of Life),' is a 31-minute queer Western that dances in the shadow of Brokeback Mountain. Set in a desert town near the Mexican border, the film stars Ethan Hawke as Sheriff Jake and Pedro Pascal as rancher Silva, who reunites with his former lover after 25 years. The reunion, however, hides a purpose: Jake is hunting for a killer who happens to be Silva's son Joe (George Steane), whose case Silva is here to plead. Commissioned by Saint Laurent Productions, the film doubles as a showcase for creative director Anthony Vaccarello's latest designs. Still, the movie can't be reduced to a mere branding exercise as it portrays a strong sense of passion and tenderness. The chemistry between Hawke and Pascal, along with the evocative score by Alberto Iglesias, emphasizes the central theme of longing and the inability to forget the past's dashed promises.

Ex-Trump Administration Officials Target Corporate Diversity Efforts

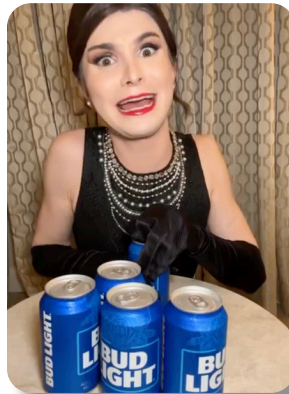

America First Legal, a group founded by former Trump administration officials, has called on the U.S. Equal Employment Opportunity Commission (EEOC) to investigate major companies like Activision Blizzard Inc and Kellogg Co for their efforts to diversify their

workforces, alleging illegal discrimination. The group has previously filed complaints against Starbucks Corp, McDonald's Corp, Morgan Stanley, and other companies for their diversity initiatives. The complaints cite a range of hiring, promotion, and contracting programs, including Starbucks' initiative to boost diversity in senior leadership and McDonald's policy of evaluating executives based on their efforts to diversify the company's workforce. While some experts expect an uptick in challenges to corporate diversity programs following a U.S. Supreme Court ruling on race-conscious college admissions, it remains to be seen whether the EEOC will take up America First's complaints.

Kid Rock's Bud Light Controversy

Kid Rock was spotted drinking a Bud Light beer at a Colt Ford concert in Nashville, despite having previously protested against the beer company by shooting up cases of the embattled beer. The protest was in response to Bud Light's partnership with transgender influencer Dylan Mulvaney, which caused a firestorm of backlash, protest, and criticism that saw Anheuser-Busch lose billions of dollars in revenue. Kid Rock's protest video came just days after Mulvaney partnered with Bud Light for a sweepstakes promotion in connection to March Madness. Anheuser-Busch issued a statement amid the controversy, emphasizing that the commemorative can given to Mulvaney was a gift to celebrate a personal milestone and not for sale to the general public. Besides Kid Rock, other high-profile celebrities and politicians also called for a boycott against Anheuser-Busch over the company's partnership with Mulvaney.

Longing for Change in Egypt's Queer Community

Members of the queer community in Egypt are experiencing a sense of renewed hope in the aftermath of the 2011 revolution. While conservative societal norms still prevail, there is an ongoing struggle for acceptance and recognition within the country. Individuals like Seif, a queer activist and artist, use their platforms to push for change. However, they often face backlash and prejudice from conservative figures and institutions. Even within the queer community, there is tension between activists and those who prefer a more discreet approach. While Egypt still lacks a progressive LGBTQ+ movement, young activists are determined to change that.

Wider Acceptance in Saudi Arabia for Queer Couples

Even though Saudi Arabia is known for its strict interpretations of Islamic law and its conservative stance on LGBTQ+ issues, some couples are finding more acceptance within their families. Abdullah, a queer man in Riyadh, shares how he and his partner found acceptance within their immediate family despite fearing backlash. Abdullah's family initially had reservations, but over time they came to accept their relationship, proving that even in a conservative society, acceptance can come from unexpected sources. While there are still challenges to be faced in the wider society, these personal stories offer hope to those struggling for acceptance.

Gay Saudi Diplomat Seeks Asylum in Canada

Ali al-Ahmed, a Saudi diplomat, has applied for asylum in Canada, fearing persecution in his home country due to his sexuality. Saudi Arabia is known for its harsh treatment of LGBTQ+ individuals, and al-Ahmed's case is drawing attention to the dangers faced by queer people in the kingdom. Canadian authorities are currently reviewing his asylum request.

In a world that's increasingly acknowledging and celebrating the vast spectrum of gender and sexuality, these stories reveal the complexities of queer representation. Whether it's through Almodóvar's artistic lens, corporate battles on diversity, or even a beer controversy, what's clear is that the fight for inclusivity and understanding is multi-dimensional and ongoing.

An Exhilarating Blend of Glamour and Heart

"Kinky Boots" is a show that has taken the world by storm with its message of acceptance and its infectious musical numbers. Based on a true story and featuring music by the legendary Cyndi Lauper, this Tony Award-winning musical is a perfect fit for the vibrant and diverse community of Las Vegas.

Set against the backdrop of a struggling shoe factory in Northampton, England, the story revolves around the unlikely partnership between Charlie Price, played by Costandinos "Gus" Pappas, and the fabulous Lola, portrayed by Keith Dotson. Charlie is determined to save his family's failing business, and Lola, with her spectacular style and unapologetic authenticity, becomes the key to their success. Together, they craft the most unconventional line of footwear – high-heeled boots, sturdy enough to support the lives of queens and durable enough to boost the factory's profits.

The heart of the story lies in the transformative journey of both Charlie and Lola as they learn the importance of embracing their true selves and the strength that comes from accepting others for who they are. It's a message of love, unity, and the power of being unapologetically yourself—a message that deeply resonates with the LGBTQ community.
