Nevada Impact Progressive Voter Guide Results

Since 1996, this LGBTQIA+ and Progressive Voter Guide has been produced by NevadaImpact.com and distributed through various publications and online. While this guide is edited by long-time, human rights activist, Rob Schlegel, it's the work of numerous individuals that know the candidates and research the races.

QVegas provides this guide as a service to the LGBTQ+ community in Southern

Nevada. This year, we're publishing the results of the election to underscore the overwhelming support that Nevada LGBTQ+ residents expect from their elected officials.

While key races, including Governor, Lieutenant Governor, and State Controller were lost to candidates that were not endorsed, Nevada retained all incumbent congressional candidates, including

Senator Catherine Cortez Masto's win that secured a Democratic Senate majority. Some races enjoyed comfortable margins. Others prove that every vote matters.

Thank you to all of our readers who requested this guide and who took the time to vote. Your participation in the 2022 Midterm Election has made a difference at every level of government.

STATE QUESTION #2

🗳️ Yes

At the time of printing, not all races have been officially certified by the State of Nevada. Official Nevada state websites were used to confirm the candidates that were ahead in each race. Final results will be certified in the coming weeks.

The U.S. Trans Survey is the largest survey of trans people, by trans people, in the United States. The USTS documents the lives and experiences of trans and nonbinary people ages 16+ in the U.S. and U.S. territories.

USTS reports have been a vital resource, including the reports on the experiences of people of color and reports by state. In 2015, nearly 28,000 people took the USTS. A lot has happened since then – and it's time to conduct the USTS again in 2022.

Help us continue to be the largest, most diverse sample across all identities. Please spread the word to ensure that people of color, older people, those who live in rural areas, immigrants, Spanish speakers, those who are HIV+, and others hear about the survey. More than ever, it's important to ensure that trans voices will shape the future.
